Weare Parks and Recreation Commission

May 23rd 2006

7:05PM Opening

Members present: Chuck Metcalf, Gene Proper, John Nikias, Tom Reynolds and Joe Fiala.

The purpose of this PARC meeting was to discuss the future location of the town skateboard park. Joe gave to group an overview of possible locations and the pro's and con's of each. Next the public that attended gave their thoughts of possible locations. It was determined that the quickest and least costly location was behind the Town Office Building and that when the School project was completed that if possible new equipment would be put used for the location already on the school plot plan. Talked turned to possible fund raising and that PARC and the BOS should not take the lead on that point. We had two parents sign up to take the lead on this, Denise Buxton and Dawn Webes-Brawn. They will try to get more parents and kids that use the park involved and stay in touch with us as to how things are going.

Tom made a motion to recommend to the BOS to temporarily locate the skateboard park behind the Town Office Building, pending police and highway dept. approval. Gene 2nd. Motion passed 5-0-0

Meeting adjourned 8:30.
